

Paraffin solid

Chemical formula:

Molar mass:

CAS: 8002-74-2

EINECS: 232-315-6

(38720)

Appearance	colorless or white substance
Melting point	50-61 °C

pure (23670)

Appearance	white seeds
Melting point	54-56°C

complies with Ph. Eur. (46910)

Appearance	almost white substance
Sulfate (SO ₄ ²⁻)	passes test
Identification A	proven
Identification B	proven
Identification C	50-61°C
Polycyclic aromatic hydrocarbons	passes test
